

Pupil Outcomes: How well are we doing?

The data information below provides information on the school for Key Stage outcomes and how this compares to national outcomes. This enables any prospective parent or visitor to our website to see how well our school is doing over different periods of time. We are very proud of all our children and the academic progress that they make in our school.

Cottingley Village Primary School became an academy on 1st February 2021 when we joined EXEED Academies Trust.
